

## M I N U T E S

of a Meeting of the ORT Executive Committee  
held on October 25th 1924 at Mr. S.Lourie's

---

Present :-

Mr. Halpern, Mr. S.Lourie, Mr. Beloff,  
Mr. Zegelnitzky and Mrs. D.Mowshowitch.

Mr. Beloff reported on his visit to the Technicum and the ORT Vocational School during his stay in Vilna. Both Institutions' greatly impressed him. They train over 200 youths, living in the whole district of Vilna. The Technicum is the only institution of its kind throughout Poland. The financial position of the institutions was appalling and he suggested to make a special effort to raise a sum of money to send to them through the Central Board in Berlin.

Following a discussion, it was decided that when the Ball is over Mr & Mrs. S.Behr should be approached with the request that they allow a party to be held in their house, the proceeds of which should be devoted to these institutions.
