Gentlemen:

Will you please refer to our letter #49-0 of June 29,
1923, to which we have as yet not received a reply,

It will interest you to learn that we have appropriated and
sent to our representative in Latvia \$1,350 for the additional equip-
ment needed for the Libau Trade School. The ICA also approved
an annual subvention towards the maintenance of this school.

Yours very truly,

Harry Viteles
